

Smart storage and spontaneous social spaces

Capacity is a flexible, multipurpose range of storage units that are easy to adapt for different types of workspaces and interior solutions. The various storage cabinets, wardrobes and modules create solutions for all kinds of personal or shared storage. The seating booths and seating modules offer social spaces to sit down for a spontaneous chat or meeting with a colleague. This makes it possible to offer different functionalities on the same surface.

Capacity is ideal to place at staff entrances, in receptions, in meeting rooms or as a room divider in open-plan offices. The modules are available in several sizes and finishes, and can be combined with different types of interiors depending on the functionality you require. It's a sustainable and adaptable solution that can be reconfigured as needs change. You can add or remove modules, move shelves or switch to larger or smaller doors. The modules fit together and align, regardless of how they are combined or placed. They can also be combined with Grow plant holders to bring greenery into the office to enhance well-being. This range offers several types of locks, from cylinder locks and combination locks to locks that open with RFID cards.

Capacity is available in a wide choice of materials and colours. Choose between different veneers and laminates or doors and front panels in any colour. It's also possible to choose add-on sides and add-on tops in the same material as doors and front panels for a consistent look. The seating modules are available in all Kinnarps Colour Studio fabrics.

Functions & options

CARCASS AND PLINTH

The carcass is white – a light interior makes it easier to find things in the cabinet. The plinth (120 mm) provides good ergonomics, even when using the lowest cabinets. Comes with set screws for uneven floors.

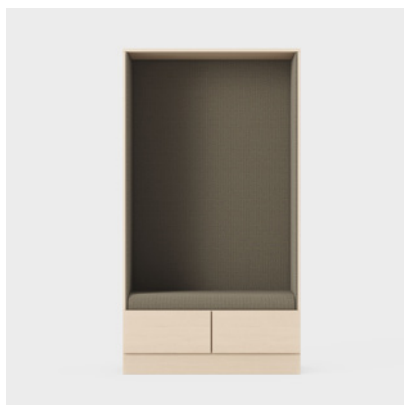

LOW PERSONAL CABINET

Low cabinet (width 40 and 50 cm). Holds larger items such as keyboards, gym bags and helmets. Can be fitted with a shelf.

HIGH PERSONAL CABINET

High cabinet (width 40 and 50 cm) comes with one movable shelf as standard. The cabinet has room for e.g. a cabin bag when the shelf is moved up, and otherwise offers two spacious compartments.

SEATING BOOTHS

The seating booth is an excellent place for making phone calls or temporary working. It has a good seat height and thick cushion, with fabric-covered walls. The entire module is available in a wide choice of colours and materials.

SEATING MODULE

Freestanding seating module with storage box. Choose fabric from KCS. Both seating module and seating booth can be placed at either end of a back-to-back combination. The entire module is available in a wide choice of colours and materials.

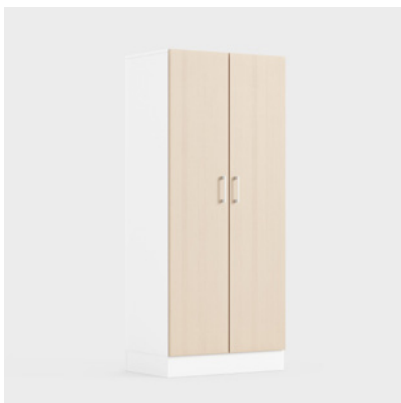

FRONT PANEL FOR SEATING MODULES/ BOOTHS

Choose between three different front panel options: a drawer, a fixed front panel, or a front panel with one or two power outlets. The drawer has a recessed handle on the underside. All front panels are available in any material.

LOOSE CUSHION ON 1M MODULES

In addition to the seating modules, it's possible to supplement a 1M cabinet module with a loose cushion (30 mm) for temporary seating. The cushion is available in widths of 80 and 100 cm.

WARDROBES

Full-height wardrobes for storing outerwear and footwear. The 40 cm wardrobe has a coat hook and the 80 cm has a clothes rail with space for hangers.

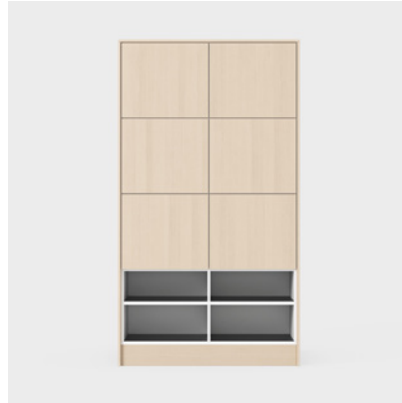

2M WARDROBE CABINET

The 2M cabinet is available as a wardrobe. With a hook for hanging jackets and the option of buying a felt mat for footwear at the bottom. Can be fitted with all lock types incl. RFID lock.

CLOTHES RAIL BETWEEN MODULES

There's a rail for outerwear which can be placed between two 4M modules for temporary clothing storage. Available in widths of 80 and 100 cm.

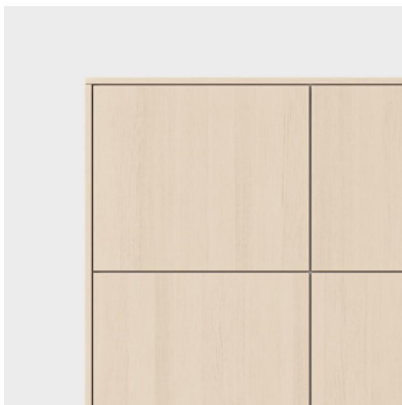

COMBINED CABINETS AND SHOE STORAGE

3M and 4M modules where the lower cabinet offers open shoe storage. Divided by a movable shelf with rubber mats on the shelf and bottom.

EXTENSION MODULE

It's possible to stack additional 1M or 2M modules without plinths on top of the modules when there's insufficient floor space for more cabinets.

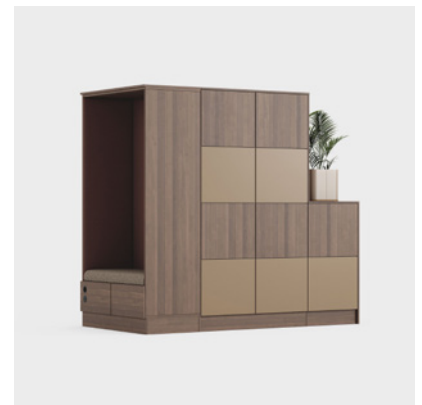

ADD-ON SIDES

Choose add-on sides and an add-on top to frame the white carcass. Front panels and add-on sides in different materials can be used to create dynamism.

MOUNTING BACK TO BACK

The modules can be mounted back to back in a secure and functional way. A stylish and easy way to create a room divider.

MIX AND MATCH COLOURS AND MATERIALS

It's possible to mix and match the colours and/or materials of the doors in the same module to personalise the look.

POWER SOCKET

230V power outlet or charging USB A and USB C are available as options.

LETTER SLOT WITH EXTRA SHELF

Modules (width 50 and 100 cm) can be equipped with a letter slot at the top of the cabinet. Includes a shelf to separate post from other contents.

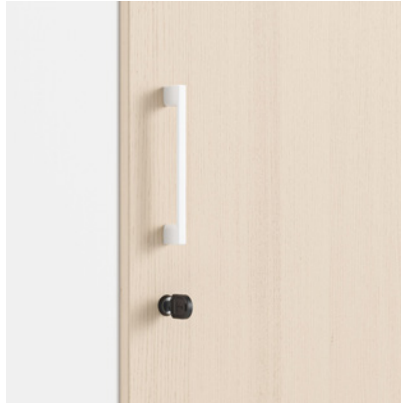

EXTRA SHELF

The cabinets can be equipped with an additional shelf to create two compartments in the cabinet for more flexible inserts. Can be easily retrofitted.

RFID LOCK

With RFID locks, you easily lock and unlock your cabinet with a standard RFID card (such as your company access card). Can be programmed as a personal or guest locker.

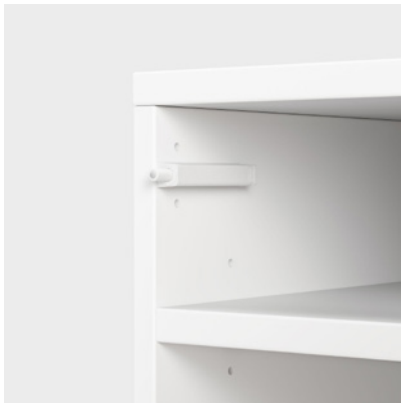

CYLINDER LOCK AND HANDLE

Cylinder lock with key. Can be combined with handle 7. Two keys are supplied with each lock.

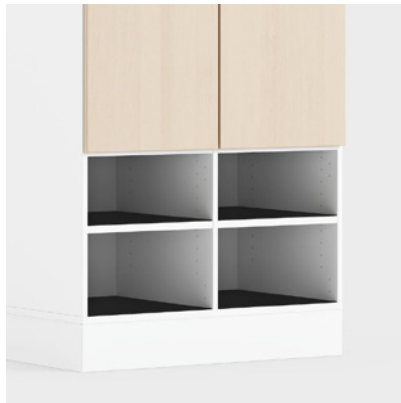

COMBINATION LOCK

Combination lock with a code for personal use. It's possible to order a physical master key and to reset a forgotten code on the back of the lock.

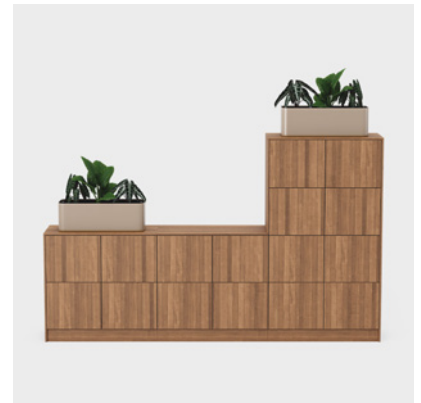

PUSH-TO-OPEN

Push-to-open is available for departmental or general storage units. Ideal if you want the same look as the concealed locks and to avoid handles.

FELT AND RUBBER MATS

Cabinets with integrated shoe storage have rubber mats as standard to cope with outdoor footwear all year round. Tall wardrobes have a felt mat to protect the bottom of the cabinet from dirt.

GROW PLANT HOLDER

Add Grow plant holders to bring greenery into the office. The plant holder includes a waterproof plastic insert for easy plant management.

Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. A well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.

Fronts and doors Choose between veneer, laminate or any colour of opaque lacquer.

Add-on sides Choose between veneer, laminate or any colour.
